Scent

① Demonic → *intense need for mobility. Sweaty, Musky, "strong" "fit" "ready" lean body, "thinks more than eats"

② Angelic → "eats more than thinks" flowery, ~~starved~~ chill, less ~~motivation~~ need ~~to~~ for ~~move~~ mobility, happy, gas

③ Malignant → Rubber, gamey, like swallowing latex ~~gas~~, always on Paleo, discomfort in mouth

④ Benign → mouth always feels clean, teeth always feels clean, "empty pallet"

Why?

~~BO Easy~~

*"ppl hate this smell like BO, omon (social embarrassment— libido is more noticeable— more "sex" appeal

Demonic / benign → eat meat → keto (burns own flesh, always smells, ~~rot~~, self-sacrifice)

Angelic / Malignant → less meat → carb (~~thrives~~ does not burn own flesh must be given, sacrifice of another)

fresh sweat

Freezer Burn

"thaw" "gamey"

~~Physical action~~ ~~Spiritual action~~

Physical action equates perfectly to spiritual effect

* literally smells like thirst in the pores, especially the armpit

once one accomplishes their perfect scents notice how difficult it is to be around horrible scents.
